Accessibility Plan September 2022-2025

Purpose of Plan

The purpose of this plan is to show how our educational setting intends, over time, to increase accessibility to the physical environment, the curriculum and written information so that all pupils with a disability can take full advantage of their education and associated opportunities.

Definition of disability

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Key Aims

To increase and eventually ensure for pupils/students with a disability that they have:

- total access to our setting's environment, curriculum and information and full participation in the school community.

Principles

- Compliance with the Equality Act is consistent with our setting's aims and equal opportunities policy and SEN information report.
- Our staff recognise their duty under the Equality Act:
 - Not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
 - Not to treat disabled pupils less favourably
 - To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
 - To publish an accessibility plan

- In performing their duties governors have regard to the Equality Act 2010
- Our setting
 - recognises and values the young person's knowledge/parents' knowledge of their child's disability
 - recognises the effect their disability has on his/her ability to carry out activities,
 - respects the parents' and child's right to confidentiality
- The setting provides all pupils with a broad and balanced curriculum that is differentiated, personalised and age appropriate.

Increasing Access for disabled pupils to the school curriculum

This includes teaching and learning and the wider curriculum of the school such as participation in after school clubs, leisure and cultural activities or school visits.

- Ensure that the school offers a differentiated curriculum for all pupils
- Resources are tailored to the needs of pupils who require support to access the curriculum
- Ensure all pupils have access to the full curriculum experiences including participation in after-school clubs
- Progress is tracked for all pupils, including those with a disability
- Targets are set effectively and are appropriate for pupils with additional needs
- Curriculum is reviewed regularly to ensure it meets the needs of all pupils
- Seek advice from external services where necessary.

Improving access to the physical environment of the school

This includes improvements to the physical environment of the school and physical aids to access education.

- All staff maintain their awareness about ensuring the accessibility of the physical environment.
- Any new work on buildings and outdoor areas is fully in line with the Equality Act 2010.
- Health and Safety Audit monitors accessibility and medical needs and plans are put in place to make good any deficiencies.
- Provision is in place to ensure our setting is accessible to all, see also the Accessibility Audit (available on request).
- All equipment (which is in use) is subject to regular servicing.

The environment is adapted to meet the needs of pupils as required. This includes:

- Ramps
- Disabled parking bays
- Disabled toilets and changing facilities
- Library shelves at wheelchair-accessible height

Improving the delivery of written information to disabled pupils

This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. Examples might include handouts, timetables, textbooks and information about school events. The information should take account of pupils' disabilities and pupils' and parents preferred formats and be made available within a reasonable time frame.

Our school uses a range of communication methods to make sure information is accessible. This includes:

- Internal signage
- Large print resources
- Pictorial or symbolic representations
- Makaton friendly communication and print
- Use of AAC devices
- Use of overlays

Financial Planning and control

The headteacher, SLT and the finance committee will review the financial implications of the accessibility plan as part of the normal budget review process.
