29th January 2015

Dear Parents / Carers,

Following my previous letter concerning Maisy's illness I am writing to thank the many people who have made enquiries about Maisy and asked us to pass on get well wishes to her.

River Helford Class have been keeping in touch with Maisy through letters and earlier today the class talked to Maisy via Skype. She is in good spirits and I am now in a position to provide some more detail about her specific condition.

She has Acute Lymphoblastic Leukaemia and to help the children understand what this means, today in school, the children have shared the story 'Joe has Leukaemia'. This provides a factual explanation of the condition and also the treatment that Maisy will be receiving. The story is attached if you wish to read it for your own and your child's information.

Further information is available from Clic Sargent website, please click on the link below to access this.

<http://www.clicsargent.org.uk/content/children>

Staff will continue to support any child who wishes to ask questions. Also attached is an information leaflet that you might also find useful.

Yours sincerely,

Mrs D Tregellas
HEADTEACHER
