

Internet Safety Day gives children and families at Pondhu School an opportunity to reflect on how we are using the internet at this time and how we can be sure to use it safely moving forward. More than ever, we are expecting our pupils to access and use the internet safely which is why it is more important than ever that we all develop our online awareness. Therefore, we would love for you to explore these activities both online and offline) as a family so that you can build on all those skills together.
